

March 20, 2020

The Honorable Tony Evers
Governor, State of Wisconsin
Room 115 East, State Capitol
Madison, WI 53702

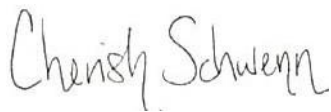

Dear Governor Evers:

The Wisconsin Ready Mixed Concrete Association greatly appreciates your leadership and the efforts you have taken to manage the impact of COVID-19 to ensure the health, safety and well-being of all Wisconsinites. During these trying times, decisions are being made across the country to ensure the continued supply of essential critical infrastructure workers and suppliers.

At the federal level, we welcomed recent guidance from the U.S. Department of Homeland Security on Critical Infrastructure Workers that recognizes essential employees as those supporting or enabling road transportation and bridges, workers that maintain infrastructure, and workers that support the operation and maintenance of essential public works facilities. Members of our association supply the concrete, expertise and workers for all these critical infrastructure needs.

We request that you consider construction an essential service, so that individuals may continue to provide any services or perform any work necessary to the operations and maintenance of "essential infrastructure," including, but not limited to, public works construction, construction and maintenance of water, sewer, roads and highways.

Sincerely,

Cherish Schwenn
Executive Director
Wisconsin Ready Mixed Concrete Association
